NEW SHOPPING CENTER?

Planners for a new shopping center located at the Goss Ave. and Eastern Parkway intersection have met with a group of area residents who are opposed to the development. At an organizational meeting held 3/18/83, approximately 75 residents expressed formidable arguments against the center.

Speaking for area residents, Mildred Jobson stated that the function and design of our parks and parkway system are recognized nationally for their design and beauty. Another commercial venture this large would be an infringement on the original residential flavor intended for Eastern Parkway. Area residents would favor a residential development over a commercial development. Also, Eastern Parkway is functioning as a major artery for Churchill Downs, the Fairgrounds, the University of Louisville, and Audubon Hospital. This intersection would become more congested and hazardous than it is presently.

The TPNA Newsletter will keep you posted on developments on the new shopping center.

TYLER PARK IMPROVEMENTS

The Board of Aldermen have approved \$19,000 from the Works Department's Cumulative Reserve Fund for improvements for Tyler Park. Improvements include \$14,000 for repairing and extending asphalt walkways and \$5,000 to re-roof and repair the shelter house. Work is scheduled to begin in May, with completion expected by early summer. TPNA expresses a special thanks to Alderman Mike Carrell and his office for their efforts and assistance in improving Tyler Park.

CUMBERLAND WELCOMES NEW BRANCH MANAGER

And so do we! Dennis Trammel, a former Tyler Park resident, has recently joined the staff of The Cumberland as manager of the branch office located at the corner of Bardstown Road and Rosewood. Mr. Trammel, a proponent of the neighborhood concept, is looking forward to continuing and enhancing The Cumberland's close association with TPNA. As most of us know, The Cumberland (formerly Portland Federal) has donated the chicken for TPNA's annual picnic every year since moving to our neighborhood. Besides continuing this tradition, Mr. Trammel plans to increase The Cumberland's participation as an active member of the Association, and hopes that all area residents, both customers and non-customers, will feel free to drop in or call whenever they have financial questions or need information. "This is an exciting time for us," says Mr. Trammel, "and I am looking forward to working with you to determine the ways in which we can best serve the area."
